District Council of Elliston Newsletter & Annual Business Plan and Budget Summary

Message from our Mayor

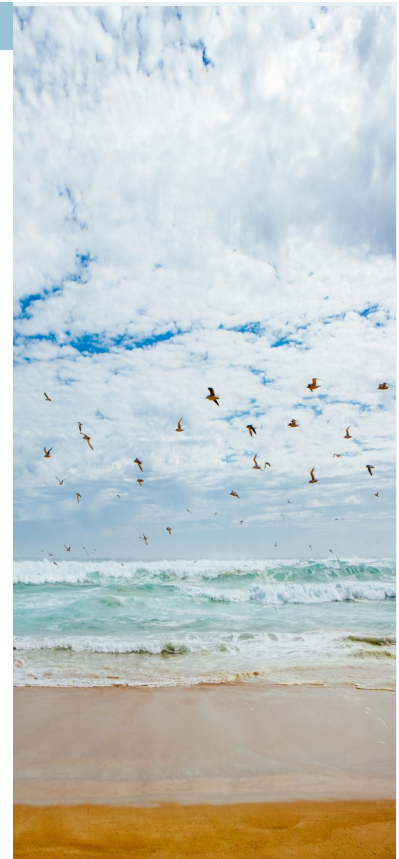

Hard to believe that my four year term as Mayor of the District Council of Elliston is nearing the end. Councils throughout the State are gearing up for the November elections and once again I encourage you to consider nominating for Council. Nominations open on 23 August for two weeks until noon on 6 September. Please don't hesitate to contact me or one of the Elected Members if you would like to know more about what is involved in being a Councillor. The Electoral Commission of SA website ecsa.sa.gov.au or councilelections@sa.gov.au also offers plenty of resources and information.

Council hosted the Eyre Peninsula Local Government Association Board Meeting on 2-3 June, including a Mayors' tour of part of the District. Thank you to the Elliston Golf Club and chef Damian Mrdjen for the delightful dinner on Thursday evening, the Country Women's Association and Bakery No9 for lunches and the Elliston Hotel for Friday breakfast. Overall the event was a great success.

This year in particular has been extremely busy and unfortunately the annual Meet and Greets could not be scheduled before Council enters its Caretaker Period. I have really enjoyed these events and hope they will continue in some format next year.

Thank you to Council staff, Elliston Area School students and volunteers from the community for the planting of over 20,000 plants - the Elliston wetlands are looking amazing. An official opening is scheduled for December 2022, date to be confirmed.

Mayor Malcolm Hancock

Annual Business Plan and Budget 2022-2023

The Annual Business Plan sets out the Council's proposed services, programs and projects for 2022-2023. It aims to maintain efficient services for the community and continue progress towards the longer term objectives for the district as set out in the Strategic Management Plan adopted by the Council on 16 June 2020. Specific objectives for the year are consistent with the Council's Long Term Financial Plan and Infrastructure and Asset Management Plan to ensure the long term sustainability of the Council's financial performance and position.

OUR KEY STRATEGIC OBJECTIVES

Provide transparent, strong and accountable leadership;
Promote community health and mental wellbeing;
Develop and maintain infrastructure services;
Protect and enhance our environment and natural resources;
Support economic development and tourism.

NON FINANCIAL PERFORMANCE MEASURES 2022-2023

The following non-financial performance measures for the financial year are linked to the *District Council of Elliston Strategic Management Plan 2021 - 2025*:

- Target grant funding that is consistent with the achievement of Council's strategic objectives
- Efficiently manage community land and maintain leases and licenses
- Practice good governance, best practice and risk management
- Maintain two way conversation with our community through community forums and consultation
- Ensure the rating system is fair and equitable
- Deliver the strategic financial reporting cycle to Council on an annual basis

Promote community health and mental wellbeing

- Support local and regional health providers
- Support sporting events
- Support the establishment of a multipurpose community fitness centre

- Recognise, protect and promote local heritage and history
- Encourage the provision of childcare services to support families in the district

Develop and maintain infrastructure services

- Continually develop and review asset management plans to ensure sustainability
- Strongly advocate to State and Federal Governments for retention and enhancement of essential roads and services

Protect and enhance our environment and natural resources

- Support initiatives to reduce the effects and impacts of climate change
- Promote and educate sustainable waste and recycling initiatives
- Support and facilitate improvements to waste water management systems
- Protect and enhance our natural environment including wetlands and coastal areas
- Implement strategies to control and reduce the impact of pest species
- Work with local and regional stakeholders NREP, Coast Protection SA, Coastal Councils Alliance, RDAEP, emergency management, ECVIC

Support economic development and tourism

- Liaise with SATC and regional agencies to promote tourism across the district
- Support local tourism and business activities
- Develop and implement town master plans
- Explore opportunities for economic growth across existing and new industries

The total budgeted Capital Program in Community Assets includes:

- \$1.013M investment in asset replacement works; and

Recycling—DrumMUSTER

Council is part of the **drumMUSTER** program. Eligible containers as stated on the drumMUSTER website are: “non-returnable metal or plastic containers between one litre/kilogram and 205 litre/kilogram in declared content in the packaging of crop production and animal health products used for:

- agricultural and livestock production
- industrial and recreational pest and weed control
- forestry
- household pest control operations
- similar activities conducted by government authorities.

Participating manufacturers are identified by the inclusion of the eligible **drumMUSTER** container logo on their eligible containers.”

There are instructions for how to clean the containers on the drumMUSTER website: www.drummuster.org.au/container-recycling/drummuster-standard/. The program requires the containers to be triple rinsed, cleaned and dried before they can be accepted at Council’s drop off points which are located at the Elliston and Lock Transfer Stations. To organise a drop off time at one of the Transfer Stations, please contact Council on 8687 9177.

Do you know a young person who has a carer role and who may be struggling to continue their education?

The Young Carer Bursary helps young carers under the age of 25 who are currently studying or training or will be in 2023. The program offers 1,000 bursaries to the value of \$3,000, providing young carers with the necessary financial assistance to help them to achieve their education and training goals.

Young carers across Australia can apply from July until mid-September.

To apply you must be a young carer:

- aged 12-25 years old for the entire time you're receiving the bursary
- studying in an approved course in Australia within a recognized Australian institution, either full-time or part-time
- a permanent resident or Australian citizen residing in Australia
- not receiving another scholarship.

What can the money be used for?

It can be used to support young carers in their education or training. This could include:

- school fees
- laptops and software
- uniforms
- transport and accommodation
- respite care
- emotional support, or
- extracurricular activities.

What young carers have to say about Young Carer Bursary Program "I am a young carer for my mum who has mental health issues, grandma who has a number of medical issues and two young brothers with autism. Receiving the bursary greatly helped me to achieve my goal of completing year 12, it paid for my school fees, books and travel. I truly believe that I would not have graduated without the bursary."

With the Young Carer Bursary, you too can achieve your study goals! Applications for the Young Carer Bursary Program are open until 13 September 2022.

For further information please visit the website at: <https://youngcarersnetwork.com.au/bursary/young-carer-bursary/>.

MEDIA RELEASE

SA Ambulance Service

SA Ambulance Service volunteers needed at Elliston

The SA Ambulance Service (SAAS) Elliston team is looking for volunteers to join them, as the service launches a new community recruitment drive.

Getting behind the initiative, volunteers across Elliston have been speaking about the benefits of becoming a SAAS volunteer, which they say is easier than you think, with the opportunity to make a difference and gain life-long skills that can be used in everyday life.

Monika has been volunteering with the Elliston team for four years, and was drawn to volunteering with SAAS after moving to the area and wanting to assist her local community.

Monika says she has gained so much more. "I like helping my community, so when I moved to Elliston I was looking for a way to contribute. I have now gained confidence, extended first aid skills and improved my driving skills."

"I get a sense of pride when I can help to keep a vital service available to the community, as well as helping individuals in need", Monika says.

Whether you work full-time, are a student or retired, volunteering with SAAS can help you broaden your skill-set, meet like-minded community members, and make new friends. With flexible rosters that can work around your lifestyle, you don't always need to be at the ambulance station when on-call, so like Monika (who also works two jobs), you can balance volunteering with your life.

"Our team and roster are very flexible, we cover each other when someone isn't available", Monika confirms.

No prior medical knowledge is required, and no experience is needed. SAAS provides training totally free of charge, and at the end of your training you'll walk away with a nationally accredited qualification (HLT21020 Certificate II in Medical Service First Response, HLT41120 Certificate IV in Health Care).

Monika says: "The service is run by a small, dedicated team of volunteers, however we need more members. All training is provided and there are no out of pocket expenses."

There's no better time to take control in an emergency and help save the lives of others.

Interested? Call Regional Team Leader, Campbell Forsyth on 0429 678 250 or the Volunteer Support Unit on 1300 175 584 (Monday to Friday, 8.30am to 4.30pm). Or apply through the SAAS website:
